

Dear Parent/Carer

Education Services has introduced Parents Portal in your child's school. This is a digital programme which replaces information you would normally find in your child's school bag. It allows you greater access to information between you and the school on a 24 hour basis.

In order to monitor how well Parents Portal is operating, we would appreciate if you would take the time to complete a small survey. It should only take 5-10 minutes. You can access the survey in the following link: <https://www.smartsurvey.co.uk/s/ParentsPortalNE/>

Thank you in advance for your co-operation.
