

SCQF

Information for Parents & Carers

“Qualifications have changed a lot over the past few years. The SCQF (Scottish Credit and Qualifications Framework) allows you to understand and compare qualifications and its levels clearly show how some qualifications have the same worth”.

Almost 10,000 qualifications sit on the framework, including those from school, college, university, apprenticeships, the workplace & youth work.

SQA qualifications up to SCQF level 7 are offered in schools.

However, many other qualifications are also now available including Skills for Work courses, National Progression Awards and Apprenticeships.

You can keep up to date with any SCQF developments by following them on social media.

Session 25/26 will be year 2 of our inclusion in the SCQF Ambassador programme. This years S5/6 Ambassadors have already been very busy organizing lots of events for learners and staff to participate in during SCQF Week (Monday 15th September – Friday 19th September 2025). We will continue to keep you updated on our progress via our school social media platforms and termly newsletter.
