Dear Parent/Carer,

FAO Parents of S4, S5 and S6 Pupils

I hope my letter finds you and yours well.

I am writing to inform you that Monday, 10th March sees the beginning of our universal Supported Study offer, which will run until the Easter holidays. This is free, additional tuition available to all pupils in S4, S5 and S6, three days per week.

Over the last month, *targeted* Supported Study has been on every Monday, Tuesday, and Thursday after school to support young people who had been identified by their teachers for focused additional tuition in specific areas of specific courses. This was informed by prelim and tracking data.

From Monday, this offer is open to all pupils as they get ready for their examinations after Easter. Details of what is on offer will be posted on Year Teams pages for pupils as well as via our social media channels and our school website.

I cannot emphasise enough the importance of ensuring your child attends these sessions.

This time of the school year is when the real differences happen and where pupils can move their grades from fail to pass and/or improve the level at which they pass. Every year, pupils who attend Supported Study at this key time of the year make improvements in their understanding of their learning and this is shown in exam performance.

It is usually at this stage of the year, when pupils really start to feel the pressure of exams pending, that they switch on and Supported Study at this time helps to capitalise on this.

Again, can I stress how important it is that your child attends these additional sessions.

If you want to know more about what is on offer for your child specifically, please contact your child's year team, as follows:

You are also welcome to contact me at any time using the details at the top of the letter.

Please support and challenge your child/young person to commit to their learning. Hard work always pays off and at this stage of the school year the potential to improve is huge for all pupils at all levels.

I will write to you in due course with information about our planned Easter School provision.

Kind Regards,

Brian McDermott
